GERO ONSEN

One of three best Onsen-destination in JAPAN

What is Onsen
(Hot spring)?

Onsen (Hot spring) is one of the traditional culture in Japan. Many Japanese has utilized to be in a Onsen for making them clean, their physical and emotional health, and healing of various illnesses since ancient times, For Japanese, a trip to Onsen is given status as that of luxurious trip and it is for pleasure.

Gero Onsen is one of three greatest Onsen in Japan. Silky Gero Onsen makes you feel a natural lotion. Gero Onsen is surrounded by mountains that shows us seasonal scenery.

Image...deep breath in hot-silky Onsen, a sweeping rich nature, having a relaxing time physically and emotionally. Gero Onsen takes you on a such a beautiful Japanese journey.

Let's get a taste of Japanese traditional culture 「Onsen」 !

Gero

Best resort with Onsen and rich nature bred

Gero city on south from Hida Takayama in central Gifu prefecture in Japan has rich nature: Hida river, Maze river and Mt. Ontake. There are many attractive places in Gero city. Gero Onsen which is 3 best and main Onsen area in Japan. Foods from rich and fruitful. Forest adventure in the vast of nature and fall exploring activities. All-season events: Sakura, colorful leaves in autumn, dragon's dancing in summer, fireworks in clear and dark winter sky etc. Original in Gero and Japanese traditional culture 'Ji-kabuki' that is a traditional form of drama and music performed by male actors. Gero city is a town where remains attractive and rich nature and historical culture.

Ji-kabuki

Kabuki is a Japanese traditional form of drama and music performed by male actors. It is a attractive traditional entertainment with unique stage costumes, hairstyle, a beautiful stage. The local who strongly attracted by Kabuki have created original and regional kabuki called 'Ji-kabuki'. Many of Ji-kabuki huts remains around Gero city and to this day people still play a role of Ji-kabuki.

Onsen

Gero Onsen which is 3 best and main Onsen area in Japan is in Gero city. Gero Onsen appreciated by visitors for making skin smooth. You can enjoy it in Hotels, day spa, and Onsen only for feet and hands etc. At night, you can stroll the town by Yukata costume.

Nature activity

Gero city surrounded a mountain has rich green. There are unique activities that you can enjoy and feel forest scented. Playing like as Ninja, seeing dynamic falls, and trekking on a lava plateau you can do. Feel dynamic nature in Gero city.

Food

'Hidagyu' that is one of the best brand beef produced in Gifu prefecture with its rich nature is extremely popular with visitors. Besides tender and fine, it is marked by richness and fullness of flavor. Moreover, It is best to taste Hidagyu with Japanese Sake. We recommend it. High quality sake is made in Gero city thanks to rich nature and best limpid stream in Gifu prefecture called 'an area of limpid stream.' Sweet tomato and nice scent freshwater fishes are delicious as well. We hope you enjoy this time.

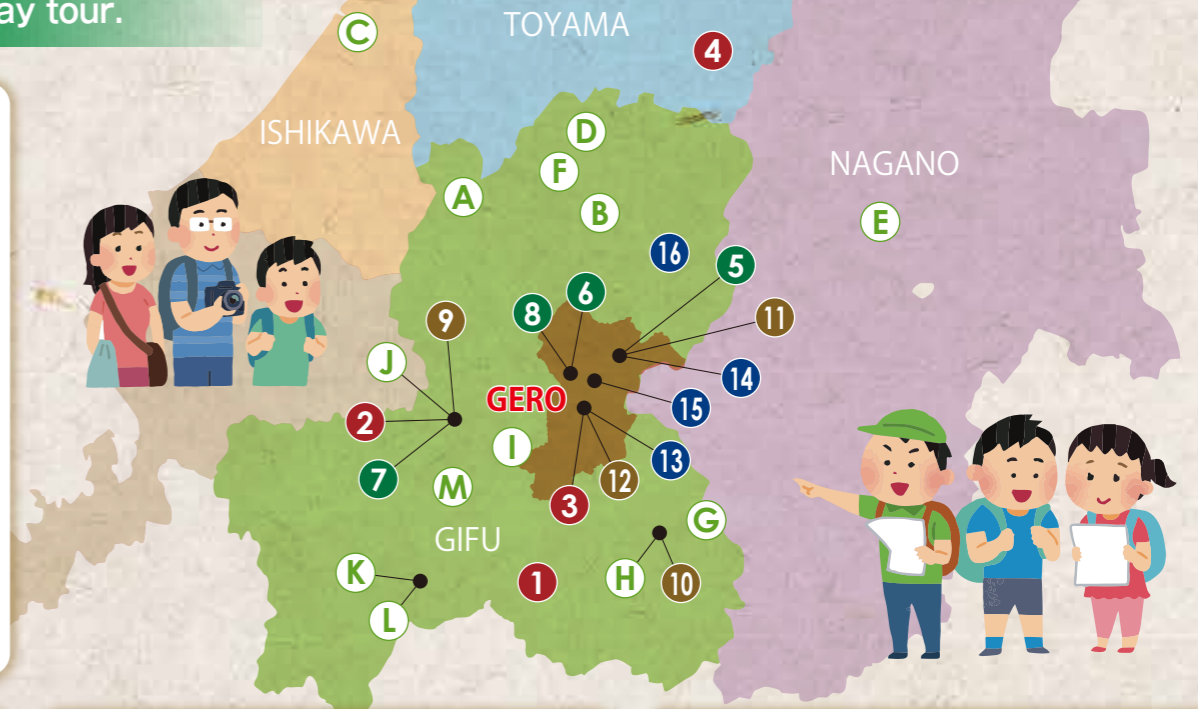

Seasonal event

Gero city is all-season resort. Sakura in spring, colored leaves in autumn, night festival in summer are there in Gero. Why don't you find your favorite one?

Gero Onsen Gassho-Mura

10 houses in Gassho (thatched) Mura, transferred from Shirakawa-go and elsewhere to recreate the landscape of Japan as it once was. The village consists of two zones, "Gassho no Sato" and "Saijiki no Mori", each showing aspects of the culture and way of life of the Hida region. You can feel both the four seasons of Japan and old Japan by many kinds of cultivated plants, flowers, Sakura (cherry blossoms).

Gassho housing 「Ohdo's house」

It is almost 200 years since establishment. A fine example of a gabled thatched roof building. The structure is 21 meters wide, 12.3 meters long and 13 meters high. It is registered as important cultural property by the central government on June, 28, 1956 since then it shows its history. From the upstairs window, you can see get a view of the whole of spa resort.

Saijiki no Mori

"Saijiki no Mori" is a village hill covered with a forest of cherry blossom and maple trees, in which can be found "Banko-an" (built in the Mashita style), a storehouse, a waterwheel, Kaeru Shrine, terraced paddy fields and more. There is also the popular 175-meter slide "Mori no Suberidai". You can feel the changing seasons with all five senses while strolling around the forest.
